Item #	Please feel free to add comments to explain or elaborate on your positions on specific items, if desired (<i>OPTIONAL</i>)
	As the son of a public school teacher in Wake County and a product of our K-12 public schools,
	I am a fierce advocate for public education. I support fully funding our schools, per the Leandro plan.
	I also support raising our county supplemental pay. Adjusted for inflation, we currently pay \$326
	less now for the seniors graduating this year than we did when they were in kindergarten. That is
	unacceptable. Also, we must continue investing in Wake Tech, building job pipelines for students
	and community members. I also support expanding access to pre-K programs and investing in
	childhood literacy programs. As the son of a teacher, no one will fight harder for our schools. I
	respect our teachers and school staff, and I think they deserve leaders who understand what they
	need and aren't afraid to fight for it. When elected, I will push Wake County leaders to form a
	legislative task force with their colleagues from other counties to lobby the NCGA for fully funded schools.
