

Constitutional Amendment Postcard Campaign Sample Messages

Sample Messages for Constitutional Amendment “Restrict Income Tax Cap to 3.5%”

Dear

The amendment to lower NC’s tax cap to 3.5% only benefits the highest income individuals and corporations. School districts rely on the state for about 60% of their budget. Cutting this rate will mean less funding for schools.

Dear,

Capping income taxes for millionaires and corporations could lead to huge sales tax increases for working families. Most families won’t get savings if this passes. In 2027 the NC income tax rate will be 3.49%. We don’t need this amendment!

Dear,

Our Constitution shouldn’t lock in tax breaks for the privileged few while our communities are asked to do more with less. Protect our communities. Vote AGAINST tax cuts for millionaires and profitable corporations.

Sample Messages for Constitutional Amendment “Limit Local Control Over Property Taxes”

Dear:

Property taxes should be set at the local level, not by state lawmakers. Property taxes fund essential services like police, fire, EMS, public schools, libraries, parks and rec. programs. Keep control over local funding where it belongs - with local governments. Vote AGAINST!

Dear:

Property taxes fund essential services that we can’t afford to lose like police, fire, EMS, public schools, libraries, parks and rec. programs. If state lawmakers get control over our local taxes, we could lose millions each year! Keep control over local funding where it belongs - at the local level. Vote AGAINST!
